PRODUCT DESCRIPTION

VALUEWASH Liquid Detergent is a highly concentrated heavy-duty liquid detergent used for main line washing of all levels of soiling. Formulated by using a selection of high quality materials suitable for use on all kinds of fabric and at low temperatures also. Exceptionally high performance is achievable with each application, with no long - term effect of soil re - deposition and incrustation.

VALUEWASH Liquid Detergent is developed for thorough and quick removal of very stubborn soiling. Low - foaming property caters for optimum chemical and mechanical action to which laundry is subjected to. This combination of action thus produces exceptionally high standards of cleaning results.
